

Gardening With Grandpa

Read the passage below and answer the questions on the next page.

Max loves gardening. Every Saturday, he helps his Grandpa in the garden. They have a small garden with many colorful flowers and some vegetables.

Today, Max is planting carrots. He digs little holes in the soil and drops the carrot seeds in them. “The seeds need water and sunlight to grow,” Grandpa explains.

Max waters the seeds carefully. He can’t wait to see the carrots grow. He also helps Grandpa to pick some ripe tomatoes. They are red and juicy.

After gardening, Max and Grandpa sit under the apple tree. They eat some of the tomatoes. “These are delicious!” Max says happily. He loves spending time in the garden.

1) What activity does Max enjoy doing every Saturday?

2) Who does Max garden with?

3) What is Max planting in the garden today?

4) What two things do the seeds need to grow, according to Grandpa?

5) What do Max and Grandpa do after gardening?
