

Describing People And Places | English Listening Exercise

Hi, my name is Sarah. Let me tell you a bit about myself. I'm 25 years old and I work as a teacher at an elementary school. I have long blonde hair and bright blue eyes.

I live in a small house in the countryside. It has a lovely garden with beautiful yellow flowers and a big tree. The house has a red door and a brown fence. It's a really cozy house. I love living there.

To get to work every day, I drive my car. I have a small blue car with four doors. I bought it last month so it is still new and shiny. It is very comfortable and easy to drive.

I come from a small family. My mother is a teacher, just like me, and my father is a police officer. I also have two younger brothers who are twins. We like to spend time together on weekends. We often go to the beach or have a picnic in the park.

I also have two adorable pets. A dog named Max and a cat called Bella. Max is a small brown dog with a short tail. He's very friendly and loves to play.

Bella is a black cat with green eyes. She is calm and loves to nap in the sun. They get along well and make my home a joyful place to live.
