

Technology

Read the passage below and answer the questions on the next page.

Technology is a rapidly evolving field that has had an immense impact on our lives. From simple everyday devices, like smartphones and laptops, to complex medical equipment and artificial intelligence algorithms, technology has become an integral part of modern society.

In recent years, advances in technology have allowed us to access information more quickly than ever before. With the invention of the internet, people can now access a vast array of knowledge from all over the world. This has enabled us to stay up to date with current events and keep in touch with family and friends around the globe. The internet also allows us to shop online and purchase products from any corner of the world, making our lives even more convenient.

Moreover, technology has revolutionized many sectors, such as healthcare, transportation, communication, and more. New medical treatments have been developed thanks to breakthroughs in technology that have helped save countless lives. Self-driving cars are now becoming commonplace on roads across the planet, while telecommunication devices allow us to speak with anyone at any time without having to be physically present.

In conclusion, it is clear that technology has had a substantial impact on our lives. It has opened the door for easier access to knowledge, improved the quality of healthcare, and enabled us to communicate with anyone regardless of geographical distance. Technology will continue to shape our world in the years to come.

1) What are some of the benefits of technology mentioned in the passage?

2) What invention has enabled us to access information quickly?

3) What sectors has technology helped to revolutionize according to the text?

4) How has technology changed the healthcare sector?

5) What mode of transport is now becoming commonplace on roads across the planet?
